Hello East Families:

As we close this chapter at Piper East, we look forward to new adventures at our new building, Piper Creek Elementary. Thank you for sharing your most prized gifts with us. We have SO missed the kids these past few months. Zoom is just not the same. Stay safe and we will continue to be optimistic about the beginning of school! ~ Mrs. Golden & Mrs. Porras

Yearbooks: Our 2019-2020 yearbooks will be delivered this summer and we will have them labeled and ready for pick up at our Back to School activities. Everyone who pre-ordered a yearbook will have one waiting for them. We will have yearbooks for the 5th grade students moving to Piper Middle School delivered to the middle school.

Enrollment: We want to remind you of the importance of planning ahead for your student's enrollment for the new 2020-2021 school year. We have already begun working on class lists and will continue throughout the summer. We want to have all things in place when July rolls around. Please log in to your family Skyward account and complete enrollment for each of your students. This includes updating any personal or medical information. Also, EVERY family must provide a current proof of residency every school year as well as paying resource fees. I've noticed several families have paid fees but have not uploaded a current proof of residency from the district accepted documents (see [Piper Enrollment](#)). **All** of these items must be complete to have your student placed on a class list. Thank you for your attention and help in getting this done early.

Start of School: We HOPE to be able to start school and for it to look "normal," however, we don't have any answers at this time. We will follow guidelines from the state and the county. Our district is working hard to have plans in place in the event we need to make adjustments to our "normal" procedures. Please watch the website

Building Updates: The new building, "Piper Creek Elementary" is coming right along. Reminder that ALL 3rd, 4th, and 5th graders will attend the new school! They are completing finishes on floors and paint. Lots of carpet is already down and it is SO EXCITING! We have been able to visit a couple times lately and will soon begin learning about the new systems and machines that we need to know about. Keep watching for updates. © Fingers crossed!!
